

**JOIN THE MOVEMENT TO SAVE MILLIONS OF LIVES  
& MAKE POVERTY HISTORY!**

**Stand Up, Take Action 2010  
Friday, September 17th to Sunday, September 19th**

Join Us for Three Days of Mobilization Worldwide to send a loud and clear message from citizens to our government leaders - "We want to keep our commitment to achieve the Millennium Development Goals." In 2010, for the fifth year in a row, tens of millions of people will Stand Up at thousands of public gathering around the world to show support for achieving the Millennium Development Goals. Last year Stand Up events in the San Francisco Bay Area joined with 173 million people at over 3,000 locations in 120 countries, counted and verified by the Guinness Book of Worlds Records.

In 2000 our government signed the Millennium Declaration, agreeing to share responsibility, take action and meet eight goals to end poverty and its root causes. 2010 is our year to assess progress and take action leading up to a 2010 MDG Review Summit on September 20th – 23rd at the UN General Assembly in New York, the most important global policy event of the year.

The UN Millennium Campaign organizes popular support for achieving the eight Millennium Development Goals, the global consensus plan, endorsed by 189 governments in 2000 to reduce extreme poverty by half by the year 2015. One of the key goals is to fight HIV/AIDS, Malaria and TB. Another goal is to provide universal access to clean safe drinking water. Local citizen education and action is the key to the achieving the goals and the campaign's success. Local citizen education and action is the key to achieving the goals and the campaign's success.

Join us to Stand Up And Take Action Sept. 17 – 19 at a dozen events in the San Francisco Bay Areas. A Friday noon Stand Up in front of San Francisco's City Hall will kick off three days of Stand Up gatherings at homes, schools, colleges, community centers and places of worship. Working together we really can make poverty history!

# Join with local, national and global groups to achieve the Millennium Development Goals, and Make Poverty History!

THE CAMPAIGN TO MAKE  
POVERTY HISTORY  
[WWW.ONE.ORG](http://WWW.ONE.ORG)

The **ONE Campaign** is a diverse coalition of anti-poverty organizations coming together to fight global AIDS and extreme global poverty. ONE is building a network of grassroots activists to rally Americans ONE by ONE to fight hunger, extreme poverty and HIV/AIDS. The ONE Campaign San Francisco is a local group for people to get more active with ONE. Connect at: [www.one.org](http://www.one.org) & [www.onesf.org](http://www.onesf.org)

**RESULTS**  
the power to end poverty

**RESULTS** is an international grassroots citizens' lobby, creating the political will to end the worst aspects of poverty, and empowering people to realize their own personal power. Our volunteer partners meet with legislators, generate letters to the editor, and work in their communities to educate and mobilize the public. Local RESULTS chapters meet monthly in San Francisco, Oakland, San Jose, and Walnut Creek. RESULTS is a ONE Coalition member. Connect at: [www.results.org](http://www.results.org) & [www.resultssf.org](http://www.resultssf.org)

In 2000, the United Nations unanimously adopted the Millennium Development Goals focused on ending global poverty. 189 government leaders agreed on eight specific goals creating a historic global consensus of time-bound targets to end extreme poverty across the planet. The first goal is to reduce extreme poverty by half, by the year 2015. The UN Millennium Campaign was established to support citizens' efforts to achieve the Goals. The **Interfaith Millennium Development Goals Coalition** was founded to mobilize support for the Millennium Development Goals and the U.S. providing its promised 0.7% of gross national income for official development aid. The coalition has organized the 2010 National Interfaith Conference on Global Poverty as a convening of leaders and activists working towards the fulfillment of the MDGs.
